

AMENDMENTS TO THE SPECIFICATION

Please replace the originally filed specification with the Substitute Specification provided herewith.

The Office is requested to note that the specification of the present application as
5 originally filed represents a translation from a previously filed international patent
application. Consequently, the specification as originally filed contains a number of
grammatical issues and idiomatic conventions. Therefore, the Applicants have prepared a
Substitute Specification to bring the specification as originally filed into compliance with
proper English standards. The Substitute Specification and associated Marked-Up
10 Substitute Specification are submitted to accompany this Amendment.

The Applicants submit to the Office that all changes represented in the Substitute
Specification are made without modifying a scope of disclosure of the originally filed
specification. Therefore, the Applicants submit to the Office that the Substitute
Specification does not contain any new matter. The Applicants respectfully request that
15 the Office replace the originally filed specification with the Substitute Specification
provided herewith.
